# Merry Christmas!

# THE WORLDWIDE TV-FM DX ASSOCIATION

Serving the UHF-VHF Enthusiast

THE VHF-UHF DIGEST IS THE OFFICIAL PUBLICATION OF THE WORLDWIDE TV-FM DX ASSOCIATION DEDICATED TO THE OBSERVATION AND STUDY OF THE PROPAGATION OF LONG DISTANCE TELEVISION AND FM BROADCASTING SIGNALS AT VHF AND UHF. WTFDA IS GOVERNED BY A BOARD OF DIRECTORS: DOUG SMITH, GREG CONIGLIO, BRUCE HALL, KEITH MCGINNIS AND MIKE BUGAJ.

Editor and publisher: **Mike Bugaj**

Treasurer: **Keith McGinnis** wtfda.org Webmaster: **Tim McVey**

wtfda.info Site Administrator: **Chris Cervantez**

Editorial Staff: **Jeff Kruszka, Keith McGinnis,**

**Fred Nordquist, Nick Langan, Doug Smith,**

**Peter Baskind, Bill Hale and John Zondlo,**

Our website: [www.wtfda.org](http://www.wtfda.org); Our forums: [www.wtfda.info](http://www.wtfda.info)

DECEMBER 2010

Finally! For those of you online with an email address, we now offer a quick, convenient and secure way to join or renew your membership in the WTFDA. Just logon to Paypal and send your dues to [sales@wtfda.org](mailto:sales@wtfda.org).

Use the email address above to either join the WTFDA or renew your membership in North America's only TV and DX organization.

Membership with Paper VUD: \$24/year

Membership with eVUD (.pdf): \$10/year

Over 110 WTFDA members renew their club membership with Paypal. Why not join them?

## MERRY CHRISTMAS!

Yes, Merry Christmas to everyone from the WTFDA staff! Hard to believe it's already December. It seems that July was just yesterday. But December it is, and you can tell because the VUDs get thinner and the email list and the forums slow down as people go into hibernation for the winter months. Just remember that winter Es is possible. I remember watching XHRIO 2 up here during Es last February, so it can happen when you're not expecting it.

## MEMBERS AND MORE

This month we have one new WTFDA member and he is **Earl Bronkar** in Chillicothe, Ohio. Welcome Earl!

We've received renewals during the period of 10/17 to 11/14 from **Russell Lay** (NC), **Bill Harms** (MD), **Ed MacDonald** (MO), **John Adams** (OR), **David Wurl** (WI), **Marvin Shults** (IL), **Dave Dennett** (AR) and **Matt Sittel** (NE). Thank you all for staying with us another year.

## AVION HD TUNER

Radio Shack was clearing out this one and selling it cheap, so **Jim Pizzi** bought one and reported on it. It's okay, but nothing out of the ordinary. Here is Jim's review:

OK-I can't resist trying a new product (in my price range). Went to my local "Shack"- it is available at your local store. It's Clearance Priced--aka DISCONTINUED. \$59.97+ tax.

Compared with Sony XDR-F1HD and Sangean HDT-1X using APS-13 antenna and supplied dipole.

Sensitivity: Just average or less, Overloads a lot, even when not pointed at locals. Use of supplied dipole on FM would be sufficient for non-DX use, still it had some overload in spots with dipole.

Selectivity: Seems OK, but could be because of lack of sensitivity (compared to Sony/ Sangean). Hard to tell because of overloading. It even overloaded using a dipole antenna. My closest locals (50kw and others) are about 7 miles west; others 10 to 20 miles wnw and nw.

RDS: Has some difficulty on Syracuse stations that were solid on control sets--Still sensitivity related.

HD: Locals locked very quickly, semi locals up to 4-5 seconds (sensitivity again). A

5 bar meter in display for HD. HD can be defeated thru button on remote.

Audio is very good, Using inexpensive amplified speakers w/ sub-woofer. Has volume and mute on remote.

Display is the same size and color as the Sangean, but can't be dimmed. Has similar info read-out too.

Step-tunes with knob on unit, also on remote (.02 steps, 95.7,95.9,96.1 etc.). Direct entry on remote. Has seek and HD seek. 8 presets for AM and FM each into FM1, FM2, AM1,AM2 just like the Sangean. It has the look of a Sangean, but that's were it ends.

Runs cold--draws only 3 watts! Can be rack mounted.

Now for AM. Supplied loop is worthless. Used my small Radio Shack tunable loop and got good results. Lots of HD flashing from NYC, Boston, Philly, etc. Even got a decode of 1060 KYW Philly-3 bars on the meter.

My opinion is that it is not for dxing. But used in a metro area or 20-25 miles from transmitters, it will satisfy the average listener. --Jim Pizzi, 15 miles east of Rochester NY

## OUR COVER PHOTO

This month's cover photo is an old TV/radio combo I saw at the Jewitt City Flea Market over the summer. We went back in November and it was still there. So, if you want it, you know where to find it.

## READ ABOUT SPe!

**Bob Cooper** gives us an idea of how to spend the winter months:

Jim Kennedy, amateur K6MIO/KH6 and retired manager for Project GONG (world monitoring network of sub-surface solar measurements) from 2000>2010 has created seven conference papers dealing with the magic of sporadic E (Es) and F layer in the VHF region. As of yesterday (11/22)for the first time all papers are available to read, download and print from [www.bobcooper.tv](http://www.bobcooper.tv). When there, look left to file list and click on KH6/K6MIO. There is no better tutorial on these subjects available anywhere. Bob Cooper in New Zealand

That's it for this month. Just a note there's finally an updated membership list in this issue. Some will find it interesting! CU in Jan.

Thanks to Dennis Smith, John Zeis, Eric Bueneman, and Ed Phelps for information appearing elsewhere in this column.

The two new Victoria, BC DTVs are co-owned. CKVU-DT-2 is a new station (that is, there is no associated analog facility) and the call letters are assumed, they aren't in the database yet. Right now CKVU-TV has only one relay, with the calls CKVU-TV-1.

The CBC's DTV permits in Ottawa and Québec City will "permanentize" their existing transitional transmitters in those two cities.

The WINP callsign change in Pittsburgh is not (yet) official.

Dennis noted a crawl running on TBN analog station K21FP Bakersfield. The crawl says many viewers who used to watch TBN on this LPTV station are now using cable or satellite. It asks viewers still watching the LPTV to write TBN HQ in Santa Ana, or call. TBN has also recently given away a number of LPTV permits. Draw your own conclusions...

The FCC has cancelled a large number of analog LPTV permits. These were mostly part of proposed wireless-cable systems, with large numbers of channels at a single site. The list:

December 2010

Welcome to newcomer **Fritze Prentice Jr.**, KC5KBV of little 'ol Star City, AR (pop. 2211).  
 Equipment: CM4228 8-bay for UHF, Winegard YA-1710 10-el. Yagi for VHF, CM7777 U/V preamp,  
 all at 25 ft. AGL. Zenith DTT901 converter box fed to a WinTV Go card for screencaps.

We start with a couple of recent analog photos...wait...huh? Analog is still on?? Yep! At least in Arkansas it is. From the files of *Ripley's Believe it or Not*.

KJEP-CA-23 Nashville, AR  
 117 mi Tr seen 9/13/10

KLRA-LP-58 Little Rock, AR  
 62 mi GW seen 9/13/10

And now back to DTV reality, a nice opening to the North. Fritze comments: "I arrived home after a local HS football game and while hearing some signs of tropo on the car radio and feeling a slight change in the air didn't think much of things until the converter box tuned to (and antenna pointed at) WXVT 15 wasn't decoding WXVT at all but at 10:30pm was decoding another channel 15 station--in Fayetteville AR. It was then "off to the races" after a quick check of RF 50 revealing a decode of KNWA Rogers AR."

**COMMENTS:** A very poor Es year for me, and I was checking constantly! Very unusual that there was no Es from July 5 to the 27th and none after that. Also, my McIntosh MR-78 went dead on June 29. I was fortunate to find a good repair store in Indianapolis and it's working perfectly now. In the meantime, I used the late Bob Zent's Carver TX-11. I'm sure Bob told me before his death at age 50, that he had modified his Carver. However, the selectivity is not as good as the MR-78. Bob gave me some of his \$tereo equipment, as he knew his life would soon end because of cancer. It is digital of course, while my MR-78 is analog. The sensitivity of the Carver is equal to the McIntosh. Best states: TX – 339 – IN – 315 – OH – 290 – IL – 280 – MI – 203. Ed band total (88.1-91.9) now stands at 892. My best frequency is 88.1 with 81 logged. Everything is taped. Let's hope next summer is better for Es. 73, Ralph

## The Editor's Note

Seasons greetings from Coast to Coast TV DX! Some decent tropo could be found across the south on the 20<sup>th</sup> and 21<sup>st</sup> of November, with DXers in Kentucky and Illinois getting DTV decodes from as far as Texas. The Great Lakes region experienced some active tropo conditions around the 10<sup>th</sup> of the month. Otherwise conditions have remained fairly quiet across the nation. We await any potential winter E-skip outbreaks. The winter Es openings have varied year-to-year in their occurrences (such as last winter's main activity being at the beginning of February), but generally the period to watch is between December 15 and January 15.

### Dave Pomeroy

2321 S.E. Libra Ct.  
Topeka, Kansas 66605-3505  
[davepomeroy@sbcglobal.net](mailto:davepomeroy@sbcglobal.net)

Hello Nick,

For the most part tropo has been absent with the exception of October 25 when strong signals from Oklahoma and Texas came in that morning. Dallas-Ft. Worth stations are over 500 miles. Reception of WFAA-8 is my most distant VHF tropo to date. Other than that it was Omaha, Wichita, etc. WDAF-34 is preparing to add channel 4.2 with the Tribune retro feed on January 1. Also, in Kansas City, KSMO-47 is promoting the "new channel 62," but isn't giving any on-air clues as to what that will be. Dave

Silver Creek, NY 14136

Nick:

A short report to let everybody know that I am OK and still watching DX now and then. Recent DX was in period November 10 to 13. A good tropo opening brought many Canadian analogs with stations seen on following channels: 2(2), 3, 4(2), 5, 6(2), 8(3), 9(2), 10(2), 11(2), 12(2), 13(2), 15, 16(2 including Barrie 16 for second time only), 18, 19, 20(2) including French on 20(?), 21, 22(2), 25, 27, 28, 29, 31, 40, 41, 42, 44(2), 47, 48, 51(2), 52, 53(2), 54, 55(2), 56, 57, 59, 60, 61, 64, 67, 68, 69.

Also Canadian digital channels on 9, 11, 18, 20, 40, 44, and 64. Also a lot of US digitals, including Michigan 21, 25, 30, 40, 41, 44, 45, also other digitals (not including locals) on 3, 8, 10, 12, 13, 15, 16, 22, 24, 27, 28, 31, 46, 50, 51, 55, 56. Mostly New York, Erie, Ohio, and Indiana. Conditions peaked on Nov 11-12.

The summer season gave me Mexico on E-Skip on few occasions, also Cuba and a couple real good Canadian E-skip and tropo openings, as well as tropo into PA, OH, MI, and IN. Recent November opening was really welcome but not surprising as conditions were ideal for opening. Best DX to all.

### Dennis Park Smith

3605 Sam Remo Drive  
Santa Barbara, CA 93105-2523  
Tel: (805)687-7803  
Times 24-hour PDT

This report is for October 2010. All observations in & out of town (all Calif locations) were with LG 20" flat screen (+ car radio FM 87.7), with outside antennas only at Wasco. Tropo at times in stable condx, alternating with instability & occas rain & no tropo. So-Calif coastal tropo btw Santa Barbara & San Diego/Tijuana up to 220 miles:

Oct 1 Poor Fri (unsettled, low pressure)  
Oct 2 Very Poor Sat  
Oct 3-7 None Sun-Thur (wed Oct 6 rain)

So far in 2010 we have had 30 members drop out of the club. Some of the more recent ones may renew since we may not have given them enough time before deleting them from this list. At this point in 2010 we have had 21 new members join the club. WTFDA is a niche hobby and every one of our members is important to our club's success.

## SIGN UP/Renewal form

Name \_\_\_\_\_

Address \_\_\_\_\_ Apt # \_\_\_\_\_

City \_\_\_\_\_ State/Prov \_\_\_\_\_ Zip \_\_\_\_\_

Country \_\_\_\_\_ Interests: TV ( ) FM ( ) 30-50( ) Weather( )

email address \_\_\_\_\_

Sign me up/renew me for: 1 year ( ) 2 years ( ) More ( )

Yearly dues \$24 (US), \$26 to (CANADA), \$10 (Electronic VUD)

### COAST TO COAST TV DX CONTINUES FROM PAGE 26

Dennis Smith's report continues...

Oct 8-10 Variably poor-fair Fri-Sun (stable, high pressure)

Oct 11 Fair+, almost good Mon

Oct 12-15 Var. poor-fair Tue-Fri

Oct 16-19 None Sat-Tue (low pressure, rain Sun-Tue)

Oct 19-28 *Out of town, to Wasco & Corning* Tue-Thur

Oct 28-29 Poor Thur-Fri

Oct 30-31 None Sat-Sun (rain Sat)

**Oct 21-27:** In northern Calif while visiting relatives, TV observed at CORNING, btw Chico & Redding. No tropo. Locals/regulars included 10 analogs (chs 6-46) & 12 DTVs (chs d7-d43) from Chico, Red Bluff, & Redding.

**Oct 19-21 & 27-28:** At WASCO, regulars & tropo

**Oct 19** new local/regular eve miles

d29 KBFX-CD "58" Bakersfield 45 SE

(ex-CA)(FOX) change from analog 58

**Oct 28** tropo 0300-0900+

27 K27GZ Mariposa (TBN) 150 N

d21 KMAX-TV "31" Sacramento (CW) 215 NW

d25 KOVR Stockton (new tentative) 215 NW

(This & KGET-d25 Bak 35miSE canceled each other.)

d26 KTFK-DT "64" Stockton (Telef) 215 NW

27 KEXT-CA Modesto (// d26) 175 NNW

(Maybe my mystery Ch-27 HSN seen July 3, 2009 was KEXT-CA 27 now Telefutera.)

d18 KUVX-DT Modesto (new tent) 175 NNW

(This & K18HD-d18 Bak 35miSE canceled each other.)

14 KAZV-LP Modesto(local pgms) 175 NNW

d46 KQCA "58" Stockton (My) 215 NW

(This over K46II-d46 Bak 35miSE for a short time.)

Wasco analog total is now 228 (1 new).

Wasco DTV total is now 31 (2 new).

Best of DX to All Dennis
