## COLOR-VE-LOG ANTENNAS

### FOR UHF, VHF, FM RECEPTION

#### ALL-BAND UHF-VHF-FM ANTENNA

**FINCO**  
Model UVF-24  
\$59.95 list

The one antenna that does the work of 3! Gives startlingly clear black and white pictures and beautiful color on both UHF and VHF television channels — plus the finest in stereophonic and monophonic sound reproduction.

FINCO Model UVF-18—\$42.50 list  
FINCO Model UVF-16—\$30.50 list  
FINCO Model UVF-10—\$18.50 list

#### SWEPT-ELEMENT VHF-FM ANTENNA

**FINCO**  
Model VL-10  
\$34.95 list

FINCO's Color-Ve-Log challenges all competition! Its swept-element design assures the finest in brilliant color and sharply defined black and white television reception — as well as superb FM monaural and stereo quality.

FINCO Model VL-18—\$54.50 list  
FINCO Model VL-15—\$46.95 list  
FINCO Model VL-7—\$23.95 list  
FINCO Model VL-5—\$16.95 list

Featuring FINCO's exclusive Gold Corodizing

# First One-Piece All-Channel Antenna with Individual UHF and VHF Orientation

## New **JERROLD Coloraxial™** **Pathfinder™**

Take advantage of the growing UHF and FM stereo markets by selling *the* antenna to answer every home reception need from metropolitan to deep-fringe areas . . . Jerrrod's new Coloraxial PATHFINDER.

Look at the advanced design of the PATHFINDER (Series PAB and PXB): a cascaded periodic VHF section plus a radically new UHF section hinged for individual orientation and maximum directivity. Here's all the flexibility of separate antennas, without the splitter losses from coupling separate antennas to a common download.

Both 75-ohm Coloraxial and 300-ohm standard outputs for every taste and budget. Prices as low as \$21.95. Rugged square-boom construction and Golden Armor corrosion-resistant finish assure long life. Flat response across all 82 channels, low VSWR, excellent front-to-back ratio make PATHFINDER a *natural* for quick sales and satisfied customers. Send coupon for complete information.

model LPV-VU12 Near-Fringe \$49.95

## VHF/UHF/FM ANTENNA!

Because it delivers best 82-channel TV performance—COLOR or black/white—plus FM/Stereo—using only a single download!

No other antenna works like the 82-channel JFD LPV-VU Color Log Periodic...

■ Only the JFD LPV-VU is designed according to the patented log periodic design of the University of Illinois Antenna Research Laboratories.

■ Only the JFD LPV-VU utilizes capacitor-coupled Cap-Electronic dipoles for higher mode operation that achieves higher gain, narrower beamwidths on VHF channels 7 to 13 and UHF channels 14 to 83. (Our competition's copies of the JFD LPV-VU use only fundamental mode which resonate as simple dipoles with consequently limited gain.)

■ Only the JFD LPV-VU offers true frequency-independent performance that insures brilliant color on any channel.

# Meet Winegard Chroma-Tel

PATENT PENDING.  
GOLD VINYLIZED.

First  $\frac{1}{2}$  size all-band (UHF, VHF, FM)  
antenna with full size power

- *Delivers Brilliant Color, Beautiful Black and White, Full-Tone FM Sound*
- *Brings in All the UHF, VHF and FM Stations in Your Area*

Now there's an All-Band (UHF, VHF, FM) antenna that is actually half the size of most other all-band antennas. It eliminates half the bulk, half the wind loading, half the storage space, half the truck space and half the weight of ordinary all-band antennas . . . without sacrificing one bit of performance! Features Winegard's new Chroma-Lens Director System and impedance correlators.

Compare size, cost and performance . . . you'll choose Winegard Chroma-Tel every time. Ask your distributor or write for Fact-Finder #242 today.

3 Models from \$17.50 list.
